SMR: its chart from 9:30 to the bot's buy (red) and the 5 closest chart shapes in the playbook (2 years). Green line = the bot's buy minute. 0 look-alikes even at the loose level -- an unusual chart; the 5 closest are shown anyway.

NOMD: its chart from 9:30 to the bot's buy (red) and the 5 closest chart shapes in the playbook (2 years). Green line = the bot's buy minute. 5 'very close' look-alikes (all good days): 4 of 5 rose after 2:30 (median +2.7% to the close) -- NOMD instead fell.

BHC: its chart from 9:30 to the bot's buy (red) and the 5 closest chart shapes in the playbook (2 years). Green line = the bot's buy minute. only 2 loose look-alikes -- an unusual chart.

UUUU: its chart from 9:30 to the bot's buy (red) and the 5 closest chart shapes in the playbook (2 years). Green line = the bot's buy minute. 69 loose look-alikes, coin flip afterwards (45% up next hour).
